REDOX SUPPLEMENT

BE WELL, DOWN TO *your cells*

We live in a fast-paced society that keeps us on a constant quest for more energy, better concentration, greater vitality—anything that will help us perform better and feel healthier. So doesn't it seem odd that so many of us look to health products that don't actually do anything for our health?

Our ability to stay healthy, have more energy, and greater vitality relies on how well our cells function. And the function of every cell in the body relies on something called redox signaling—cellular messages that help protect, rejuvenate, and restore cells.

THE SCIENCE OF *redox signaling*

Redox signaling is at the forefront of medical research, and interest in it has exploded in the last few years. More than 10,000 peer-reviewed papers have been written supporting its vital function in every major system of the body. In fact, an entire research journal is dedicated to redox signaling findings. Multiple Nobel Prizes have been awarded for work in this burgeoning area of biological health.

A BREAKTHROUGH IN CELLULAR HEALTH

As we age, and as stress and environmental toxins inundate our lives and weaken our defenses, normal cellular function declines, and with it, the body's ability to produce and maintain a proper balance of redox signaling molecules.

ASEA has developed the only technology that can create and stabilize active redox signaling molecules in a consumable form. This proprietary process suspends these life-giving molecules in a pristine solution—a first-of-its-kind, cutting-edge health breakthrough.

No matter what your health concern may be, ASEA Redox Supplement can bring your cellular communication to optimal levels, improving the health of every system of your body, starting right now.

ASEA Redox Supplement is produced in an FDA-registered, NSF-certified facility and is certified by an independent third-party lab to contain active redox signaling molecules.

Drinking ASEA Redox Supplement every day enhances the ability of every cell in your body to function at a higher level, positively affecting the health of every system of the body.

A close-up, high-angle shot of clear water being poured from a white plastic pitcher into a clear glass. The water is captured in mid-pour, creating a dynamic, flowing shape. The background is a soft, out-of-focus light blue.

REPLENISHING *your redox*

By the time you notice that something in your body feels “off,” your cells have already known for quite some time. With as little as four ounces of ASEA Redox Supplement a day, you are restoring something native to your own body—the exact kind of redox signaling molecules you create yourself, but in the quantities you need for optimum health.

Hundreds of thousands of people from all over the world are already experiencing the benefits of improved cellular health. ASEA Redox Supplement has been shown to make positive shifts in blood serum biomarkers over a 24-hour period, beginning within the first 30 minutes. In other words, as soon as you drink it, it starts working, and keeps working all day.

Because the molecules in ASEA Redox Supplement are native to the body, they enhance vital cellular function to achieve optimal health and wellness—and the supplement itself is 100% safe and nontoxic.

ONE OF A KIND

ASEA Redox Supplement is the only one of its kind, and it's protected by multiple patents. No one else offers what ASEA does.

Consider what this means:

- An innovative product that helps the body generate energy, activate antioxidants, and work the way it should.
- A foundational health product that positively impacts the cellular health of every system of the body as soon as you start using it.
- A product you can only get one way: from ASEA.

Drinking ASEA Redox Supplement every day is such a simple thing to do, and it enhances the ability of every cell in your body to function and communicate at a higher level—allowing you to experience the vitality of true health and wellness.

FOR BEST RESULTS

Drink four ounces of ASEA Redox Supplement every day. We recommend two ounces in the morning and two ounces in the evening.

Consume within one month of opening.

Do not mix ASEA Redox Supplement with anything.

ASEA Redox Supplement may be refrigerated for improved taste.

ASEA Redox Supplement can improve the health of every system of your body, starting right now.

ACHIEVE YOUR HEALTH
potential

Are you ready to experience ASEA Redox Supplement for yourself? To find out more, talk to the person who shared this brochure with you. They can also tell you how to experience the benefits of redox signaling topically with RENU 28™ Skin Revitalizing Gel.

You have nothing to lose and everything to gain. Give ASEA Redox Supplement a try today!

TESTIMONIALS

"Within 90 minutes of drinking two ounces of ASEA Redox Supplement, I began to feel better. I could actually feel my body reacting in a positive way. I quickly noticed the fog was lifting, and my positive attitude was back. I enjoy restful sleep, and I'm able to maintain a high energy level. ASEA has given me my life back!"

– Sharolyn E.

"Once I started taking ASEA Redox Supplement, I felt that all my barriers moved back. I could swim faster and for longer, and I decreased all my split times. I felt that I was already doing everything right in my training, but taking this product really gave me an extra edge."

– Heather W., Triathlete
