

## Get Your Best Skin Back

Remember when your skin was at its best? The healthy, beautiful skin you remember doesn't need to be a thing of the past. You can have the skin you were born to have without drastic measures or a complicated regimen.

### What happened?

Everyone is born with smooth, resilient skin. In fact, the cells you are born with provide the "fingerprint" for your unique beauty. Over time, skin loses its communication skills. Crucial skin functions slow down. Cellular communications become less active. Visible signs of aging appear. Genetics, age, environment, stress—so many factors can make your skin less vibrant.

### Redox + exclusive anti-aging blends help you get you best skin back.

Active cellular communication is essential for healthy, beautiful skin. And ASEA's patented redox technology is the best way to get your cells talking again and boost healthy skin metabolism. RENU Advanced combines patented redox technology with exclusive, redox-friendly anti-aging ingredients to help your skin bounce back to its healthy, beautiful best.

Get your best skin back with RENU Advanced. Healthy really IS beautiful.

## CLEANSER

### HYDRATING MOISTURE

Watermelon rind, lentil fruit, aloe leaf juice, and apple combine with vegetable-sourced glycerin for moisture, hydration, and resilience.

### BOTANICAL CELL RENEWAL

Bilberry, sugar cane, sugar maple, orange, and lemon plus botanical alpha hydroxy acids (AHA) help increase the rate of cell renewal.

### FRUIT & SUGAR CLEANSE

Olive fruit and coconut oil, sugar, witch hazel, and wheat amino acids support skin elasticity while gently cleansing and toning.

## MOISTURIZER

### YOUTHFUL ELEMENTS

A patented blend of jojoba, macadamia, vitamin E, and olive oil with natural moisturizing factors (NMF) from olive, coconut and beet support cellular rejuvenation and youthful moisture levels.

### PRO-BIO OXYGEN

A topical probiotic paired with oxygen attractors—vital for healthy skin and cell renewal which helps reduce the appearance of lines and wrinkles.

### DETOX & DEFENSE

Fragrant star desert plant, olive and soybean protect moisture, encourage detox, and defend healthy skin barrier for supple, firm skin.

## ACTIVE REDOX SIGNALING MOLECULES

ASEA's proprietary process produces life-giving redox signaling molecules. These molecules support communication at the cellular level, improving the healthy, youthful appearance of your skin.

## INTELLIGENT SKINCARE

Mindful ingredient selection, safety, and efficacy guide our choices. We don't use harsh acids, drastic measures, or irritating ingredients that may give the illusion of improvement but in fact, come at the expense of healthy, beautiful skin over time.

## Gentle Refining Cleanser

This rich foaming cleanser tones and hydrates skin as it gently washes away dirt, oil, and impurities while leaving skin looking and feeling younger. Specifically formulated to support redox signaling technology.

### Directions

Dispense 1 – 2 pumps, and gently massage onto moistened skin. Rinse thoroughly. Use morning and evening for best results. Let skin dry before application of redox signaling products.

### RENU Advanced Story

Everyone is born with smooth, resilient skin. Your cells provide the “fingerprint” for this original health and beauty. These youthful skin cells renew quickly and consistently. Over time, healthy cell renewal slows dramatically. The result is visibly aging skin.

### Get Your Best Skin Back with RENU Advanced

This exclusive product line combines ASEA's patented redox signaling technology with healthy, anti-aging ingredients to help skin bounce back to its best.

### Active Redox Signaling Molecules are the Key
